

IISE Annual Conference & Expo 2024
Call for Abstracts and Presentation Summaries
Montreal Convention Centre | Montreal, Canada
May 18-21, 2024

Track: Engineering Economy

Abstract Submission Link available on Conference Website: <https://www.iise.org/Annual/>

Dear Colleagues,

The **Engineering Economy Division** of the Institute of Industrial & Systems Engineers (IISE) is sponsoring the **Engineering Economy Track** at the IISE Annual Conference & Expo 2024. The conference is a forum for exchanging knowledge and discoveries in the Industrial and Systems Engineering research and practitioner communities. The IISE Annual Conference & Expo 2024 will continue to integrate research and industry applications under one conference.

As Track Chairs of the **Engineering Economy Track**, we encourage you to contribute to the Conference and Track by submitting a 250-word abstract or presentation summary. Authors will be able to claim these works as refereed extended abstracts, which will be available on the conference website and can be cited. They will not be copyrighted or indexed in the official conference proceedings, and therefore there is no limitation on reusing this material for other purposes (e.g., toward the publication of journal papers or subsequent conference proceedings). We highly encourage Abstracts and Presentation Summaries that demonstrate international and interdisciplinary collaboration and the application of emerging technologies and methods. Key areas include:

- *Asset Management*
- *Capital Investment Analysis*
- *Financial Engineering*
- *Cost/Benefit Analysis*
- *Prices and Portfolios*
- *Real Options*
- *Life-Cycle Cost Assessment/Management*
- *Energy and Engineering Economy*
- *Value Chain Management*
- *Technology Replacement Management*
- *Engineering Economy Education*
- *Entrepreneurship and Innovation*
- *Economics of Supply Chain Management*
- *Analytics in Engineering Economy*

- *Other areas in economic and investment analysis*

Authors of accepted abstracts and presentation summaries will be invited to share their work in a conference session. Regular sessions will be 80 minutes and have up to four presentations. There will also be options where authors can elect to share their content in a “Poster Session”. In addition, **there are opportunities to organize and/or participate in Special Sessions (Panels, Workshops, etc.). If you are interested, please contact us by November 10, 2023.**

While not required, we strongly encourage all presenters to submit a paper for publication so discoveries can be permanently documented. This year, two types of papers will be considered: Research Papers and Case Study Papers.

- *Research Papers* (with a limit of six pages) contain methods and results that are *significant* and have *archival value* to the industrial and systems engineering community. They will undergo a double-blind peer review process and accepted papers will be copyrighted and indexed in the Conference Proceedings via ProQuest.
- *Case Study Papers* (two to six pages) describe the application of a method or technology that addresses an *important industry-motivated issue*. They will be reviewed to ensure that the content focuses on the value and lessons learned for the Industrial and Systems Engineering community. The case study papers should avoid significant marketing material. Accepted manuscripts will be published with access via the IISE website.

Important deadlines:

Submission deadline for abstract/presentation summary:

November 17, 2023

Notification of decision on abstract/presentation summary:

December 22, 2023

Paper submission deadline:

February 9, 2024 (*Paper submission is optional but encouraged.*)

Notification on full paper decision:

March 8, 2024

Speaker registration deadline:

March 22, 2024

Paper final revision submission deadline:

March 22, 2024

Important Note

Authors/Presenters with approved abstracts must register for the Conference by **March 22, 2024**. Authors/Presenters that do not register by this date will have their presentations/papers withdrawn from the program and the proceedings. The presenting author must attend and present the paper at the conference.

We look forward to seeing you in Montreal!

Best Regards,

Bayram Yildirim, bayram.yildirim@wichita.edu, Wichita State University

Ahmet Akgun, akgun@pennwest.edu, Pennsylvania Western University

Alok Dand, alokdand@outlook.com, LendingTree

Nabil Nehme, nn58@aub.edu.lb, American University of Beirut

Taner Cokyasar, tcokyasar@anl.gov, Argonne National Laboratory
