

University of Houston
Department of Industrial & Systems Engineering
Full-time Lecturer – Systems Engineering

JOB DESCRIPTION

The Department of Industrial and Systems Engineering in Cullen College of Engineering at the University of Houston invites applications for a full-time Lecturer to begin in Fall 2025 for its newly established Bachelor's degree program in Systems Engineering located in Katy, TX.

DUTIES

The responsibilities include (1) teaching three courses relevant to the program in Industrial and Systems Engineering per semester or equivalent course development duties as determined by the IE Department chair, and (2) contributing to service and administrative tasks as required in the department.

TERMS

It is a full-time, benefits-eligible, non-tenure-track position. Appointments are made on an annual 9-month basis, salary commensurate with experience.

REQUIREMENTS/QUALIFICATIONS

The ideal applicant will be able to demonstrate the ability to function in a collaborative atmosphere with multiple stakeholders. Candidates must possess a solid commitment to engineering education using experiential learning and should demonstrate excellent communication skills. Applicants must possess a Ph.D. in systems engineering, industrial engineering, or other closely related engineering fields.

APPLICATION SUBMISSION

Applications will be accepted until the positions are filled. Candidates are required to submit a cover letter highlighting the candidate's strengths and interest in the position, curriculum vitae, statement on teaching philosophy, and the names of three professional references. To apply, please go to <https://careers.uh.edu/jobs/search/uh-postings> and complete your on-line application.

University: The Carnegie Foundation for the Advancement of Teaching has recognized the University of Houston as a research university with very high research activities. UH enjoys strong ties as a full member of the Texas Medical Center. Additionally, the University of Houston, a designated Hispanic-Serving Institution (HSI), is among the top 25 colleges and universities granting undergraduate degrees to Hispanics. The University of Houston is an ADVANCE institution, one of a select group of universities in receipt of NSF funds in support of our commitment to increasing diversity and the participation and advancement of women in STEM.

The policy of the University of Houston-System and its universities is to ensure equal opportunity in all its educational programs and activities, and all terms and conditions of employment without regard to age, race, color, disability, religion, national origin, ethnicity, military status, genetic information, sex (including gender and pregnancy), sexual orientation, gender identity or status, or gender expression, except where such a distinction is required by law.
